Description

X-MAP4 integrated Audio Player integrates audio sources including CD, MP3, FM and DAB.

A high end car audio stereo CD player is installed to provide a stable and reliable CD audio source. DAB technology is exclusively introduced to provide various audio source selections to the system. X-MAP4 can also read audio files from most of the typical memory devices via the USB port and SD slot.

Two line outputs on the rear panel enable playing music to two zones simultaneously.

Mp3, CD, DVD video, JPEG, FM, AM, USB 2.0, SD card reader
