PRODUCT DESCRIPTION

L-PWP03A is a 3W, cost-competitive and multi-purpose loudspeaker designed for surface wall mount. It is ideal for distributing sound evenly. The loudspeaker is supplied with a back box and has a built-in protection to ensure a longer operating life. The water resistant cone unit guarantees a clear acoustic performance free from unwanted interference under humid conditions. Stylish, compact and unobtrusive design makes it suitable for general public

address applications such as shopping malls, supermarkets, and educational institutes, office buildings, hotels and restaurants. The unit is equipped with a spring type terminal on the back box which allows easy connection by simply tuck and press, saving both time and cost. Direct screw installation is also provided for a more secure connection especially when unexpected cable tension is anticipated. The loudspeaker is CE and RoHS compliant.
