

R4-EM Card Reader

1. Introduction:

The R4-EM is Waterproof Wiegand Proximity reader, fully metal shell, supports EM 125KHz card. The machine has advantage of unique design and convenient in operation.

2. Wiring diagram:

EM	(* Optional connections)
Red	DC+12V
Black	GND
Green	D0
White	D1
* Brown	Green light-emitting diodes
* Yellow	Buzzer
Black	GND

Note :

- * Power should be linear stable power .
- * System should be connected to GND specially .

3. Install diagram: 4. Testing:

R4-EM

R4-EM

5. Parameters:

Model NO.	R4-EM
Environment	Waterproof, Conforms to IP68
Frequency	125KHz
Card style	EM Card
Reading ranges	30~60mm
Reading speed	0.1S(common)
Output format	Wiegand 26 format
Working voltage	DC+12V
Working current	40±5mA
Working temperature	-20℃~60℃
Storing temperature	-25℃~85℃
Working humidity	0%~99%
Measurement	135×58×26mm

6. Parts:

- *1 Reader *1 Manual *1 Flat Head Screws
- * 4 Wall Fixing Plug * 4 Self Tapping Screws
